BUILDING & ZONING DEPARTMENT

RE-OCCUPANCY INSPECTION

The purpose of Re-Occupancy Inspection is to ensure that structures originally built and designed as **single-family** residences are still utilized for that purpose.

When selling a home, a Certificate of Re-Occupancy must be obtained from the City's Building and Zoning Department. Each Re-Occupancy Inspection application is unique to the Seller and Buyer of a single sale transaction. If the sale does not go through and there is a change of Buyer, a new Re-Occupancy application, a new Disclosure Statement, and a new application fee must be filed.

The Re-Occupancy Inspection fee must be paid in advance, in the form of a bank check or money order.

City Code allows up to ten (10) days for our Re-Occupancy Inspector to schedule and complete the Re-Occupancy Inspection; however, upon payment of the Expedited Fee, the inspection will be performed within two (2) business days.

STEPS FOR OBTAINING A CERTIFICATE OF RE-OCCUPANCY

1. Fill out an Application form and pay the appropriate inspection fee listed below:

Fees for Regular Inspection (within 10 days):

- For single family, condominium units, duplex and triplex structures - \$75.00
- For apartment buildings - \$150.00 for the first 4 apartments, plus \$7.50 for each additional apartment unit

Fees for Expedited Inspection (within 2 business days):

- For single family, condominium units, duplex and triplex structures - \$300.00
- For apartment buildings - \$600.00 for the first 4 apartments, plus \$20.00 for each additional apartment unit

2. An Inspector will call the contact listed on the application form to schedule an inspection appointment.
3. The Seller and Buyer must sign the Disclosure Statement form. The Buyer's signature must be notarized. **The Disclosure Statement form must be completed and given to the Inspector at the time of the inspection.**
4. Providing that there are no Life Safety, Building Code or Re-Occupancy Code violations noted at the time of inspection, and upon receipt of the completed Disclosure Statement, the Re-Occupancy Inspector will issue the Certificate of Re-Occupancy.

Completed Re-Occupancy Inspection applications may be dropped off anytime during our office hours.

IMPORTANT NOTE: Failure to obtain a Certificate of Re-Occupancy prior to closing a property in the City of North Miami may result in enforcement action being taken by the City against the SELLER and/or BUYER, which may include fines, court costs, administrative costs and additional Re-Occupancy inspection costs.

If you have any questions regarding the Re-Occupancy process or the application form, please contact Inspector Mark Hagerty at (305) 895-9820, extension 12107.

FLOODPLAIN DISCLOSURE

The City of North Miami participates in the National Flood Insurance Program Community Rating System. This program makes federally backed flood insurance available to eligible properties. It also evaluates the City's flood readiness to guard against property losses due to flooding.

In January 2001, the North Miami City Council passed Ordinance 1077 (Section 8.5-45 of the Code of Ordinances), requiring seller disclosure of potential flood hazards to prospective buyers. Flood hazard information should be discussed prior to finalizing a sales contract. Minimally, this should include information on how to determine if a property lies in a Special Flood Hazard Area and how buyers can obtain flood insurance.

Flood hazard determinations are available from the Building Department, and can be requested at the time of Re-Occupancy application, or by calling (305) 893-6511 ext. 12107. Flood Hazard Brochures are also available from the Building Department upon request.
